Zorg sighed a sigh of relief 'phew' he said to himself.

After that day he asked his mum if he could use her space ship. His mum gave him a stare for a few minutes, then she smiled at him and said yes. So he got into the space ship and started steering. It looked like he was going to Mars but he turned towards earth. Three hours later he was close to earth and was about to reach his destination. He crashed on earth because he didn't know how to land. He crashed on the leaning tower of Pisa and he was taken to the queen to have a talk to. When he saw the queen he knew he was in trouble but the queen was very kind and just gave a posh giggle and said 'be more careful next time.'

When the guards took him out of the palace he saw lots of people that were very angry. They had lots of bruises and bandages. They started to chase Zorg. Then a little girl called Emily grabbed him and pulled him into his house. Zorg was about to scream when Emily said "shhhhh I am not going to hurt you" The people ran past thinking he went that way.

Then when the people went past Zorg and Emily ran to Zorg's space ship but it had crashed and was broken but Emily was an engineer and she fixed the ship.
